

Google ads campaign for a hypothetical Business

June 6, 2026

INTRODUCTION

Sweet Crumbs Cafe and bakery is a simulated bakery and cafe business that offers delightful coffees and customised bakery options for its customers. This project aims to develop a Google ads campaign strategy to increase brand visibility, website traffic, and customer engagement.

PROBLEM STATEMENT

Many local cafe and bakery businesses struggle to reach potential customers online due to limited lore and marketing efforts. This project explores how Google ads can be used to improve online visibility and attract targeted customers.

OBJECTIVES

- Increase website traffic
- Generate online orders
- Improve brand awareness
- Comprehend Google ads campaign planning and management

TARGET AUDIENCE

Age group: 15 - 45 years

Location: Lucknow, Uttar Pradesh

Interests: Coffee, Desserts, Celebrations, food delivery

Expected outcomes

- Increased online visibility and higher customer engagement
- Improved understanding of digital advertising concepts

-
- Practical experience in campaign planning and optimization

Tools and Resources

- Google ads
- Google docs
- Canva
- GitHub repository
