

GOOGLE ADS CAMPAIGN FOR AN IMAGINARY BUSINESS WEBSITE

Executive summary:

This project aims to design and implement a Google ads campaign for an imaginary website for a business called **Sweet Crumbs Cafe and bakery**. This campaign focuses on increasing website traffic and customer engagement, increasing online orders and visibility along with increasing brand awareness among local customers.

This project demonstrates the planning, organising, creation, targeting and budgeting of a Google ads campaign without using a real website.

Business overview:

Name of the business: Sweet Crumbs Cafe and bakery

Industry type: Food and Beverage

Business type: Cafe and bakery

Website: Sweet Crumbs Cafe and bakery

Services offered:

- Coffee and beverages
- Fresh cakes
- Custom birthday cakes
- Cookies and pastries
- Cupcakes and chocolates
- Online orders
- Event catering

USP: Freshly prepared products and customised services.

Target audience:

Primary audience:

- Age: 15-45 years
- Gender: All
- Location: Lucknow
- Income level: middle and upper middle class

Customer personas:

- College and school going students
- Working professional
- Parents and family

Campaign goal:

Lead generation and website traffic.

Campaign type:

Selected campaign: Google search ads

Reason for selection: Search ads target customers who are actively looking for a cafe and bakery and are more likely to purchase.

Budget and Bidding strategy:

Daily budget: ₹500

Monthly budget: ₹15000

Bidding Strategy: Maximize clicks

Expected outcomes:

- Impressions: 12000+
- Clicks: 600+
- CTR: 5%
- Leads: 50+

Keyword Strategy:

Primary keywords:

- Online coffee and cake delivery
- Cafe near me
- Bakery near me
- Fresh cakes online
- Birthday cakes delivery
- Coffee shop near me
- Best bakery in Lucknow
- Custom cakes Lucknow

Long-tail keywords:

- Affordable birthday cakes online
- Cozy and aesthetic cafe near me
- Same day cake delivery in Lucknow
- Affordable and easy to order coffee

Ad copy creation:

Ad version 1

Headlines:

Landing page Strategy:

Key elements:

- Aesthetic cafe and attractive bakery images
- Product catalogue
- Online orders form
- Customer reviews
- Contact information
- Special offers section

Campaign Performance (Simulated Results):

Metric	Result
Impressions	12,500
Clicks	640
CTR	5.1%
Average CPC	₹8.00
Total expenses	₹4,550
Leads Generated	56
Conversion Rate	8.75%

Challenges Faced:

- Selecting relevant keywords.
- Balancing budget and resources allocation.
- Identifying the ideal target audience due to changing dynamics.
- Writing and creating a compelling ad copy.

Solutions found:

- Conducting keyword research
- Using long-tail keywords
- Focusing on local audience
- Tested multiple ad variations.

Recommendations:

1. Increasing mobile advertising budget.
2. Introducing seasonal promotions.
3. Add remarketing campaigns.
4. Improve landing page speed.
5. Use customer testimonials in advertisements.

Learning Outcomes:

Through this project, I learned:

- Fundamentals of Google Ads.
- Keyword research techniques.
- Audience targeting methods.
- Budget allocation strategies.
- Ad copywriting skills.
- Campaign performance analysis.

The project provided practical knowledge of digital advertising and campaign management in a real-world business scenario.

Conclusion:

The Google Ads campaign designed for Sweet Crumbs Cafe & Bakery successfully demonstrates how digital advertising can increase brand awareness, website traffic, and customer engagement. Proper keyword selection, audience targeting, and effective ad copy contribute significantly to achieving marketing objectives.
